Rabble rouser section

If we missed anyone please be patient with
us as we transition to new folks working on
the newsletter. We will try to have tags
that can be photographed with the items
next time.

I want to thank Bill Smith on the excellent demo on the Jewelry stand, he was able to do the complete stand in the short time we have for the demonstration.

I was thinking with a bit longer arms this could easily be used to display ornaments and since you can take it apart it would be great for shows...just a thought.

What's going on in your Shop? Send Pictures and short descriptions!

Don't forget that you can get a 10% discount at Klingspor's Woodworking Shop online store above by signing in. We provide member information to Klingspor each year and they give club members a nice discount when they sign in. Oh and they carry the Liberon Finishing oil and steel wool.

If you have an aha let me know and let's share it with the rest of the club.

Next Month I hope to have an article on Vacuum chucks and what they are good for, how to get a good system at a reasonable price.
