## Milestone Xprotect Enterprise 8.0b Fix

Milestone XProtect Enterprise 8.0b Released Version 8.0b of Milestone's XProtect Enterprise Software is the first XProtect release specifically tailored to E-Learning Enterprise environments. Milestone's new XProtect E-Learning Enterprise 8.0b focuses on features needed for successfully delivering a higher quality, more engaging user experience to E-Learning users. XProtect is the E-Learning solution of choice for schools, districts, and public entities that want to provide a positive E-Learning user experience to their students. XProtect Enterprise 8.0b supports one or more XProtect devices per classroom/classroom-like environment (e.g., XProtect devices located at student stations). Each classroom/classroom-like environment can have its own settings, device management, online catalog, and XProtect information. XProtect Enterprise 8.0b supports one or more XProtect devices per classroom/classroom-like environment (e.g., XProtect devices located at student stations). Each classroom/classroom-like environment can have its own settings, device management, online catalog, and XProtect information. XProtect Enterprise 8.0b is a comprehensive platform which provides both learning and administration tools to support: Academic Content Development and Management Curriculum Integration Automated Student Profiles and Reports Content Review, Feedback, and Reporting Simplified Deployment and Administration XProtect E-Learning Enterprise 8.0b is the first E-Learning product from Milestone to specifically target the many challenges in a highly restricted, segregated E-Learning environment. Challenges to consider when deploying XProtect E-Learning Enterprise 8.0b include the following: Adherence to National Standards for E-Learning Content and Format Accommodating segregation and proximity of students in a single facility Enabling control over when and how content is presented to students Reducing labor costs associated with managing physical devices Reducing hardware costs associated with providing devices Support for multiple devices in the classroom What makes XProtect E-Learning Enterprise 8.0b unique is the ability to provide remote control of devices by leveraging the Milestone Management Suite. It is the most complete solution available on the market for enabling remote control of devices and the ability to manage and deploy these devices from a central management and provisioning console. Additional Features Milestone XProtect E-Learning Enterprise 8.0b Features E-Learning Enterprise Management Suite XProtect management tools offer
